Kigali, on **1.9 JUN 2012**  
N° 010/2012 - 455/RPPA

**The Chief Budget Manager (All)**  
.....

Dear Madam/Sir,

**RE: Implementation of Procurement Publication System**

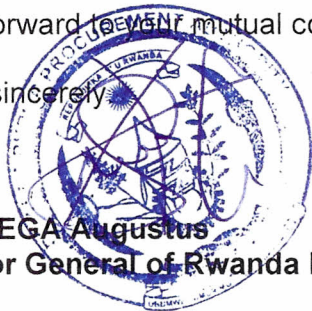

RPPA developed the procurement publication system (PPS) to help procuring entities work with an online system for management and advertising procurement related data. The idea ascribes to the emphasis of using ICT in the delivery of government services, by bringing government closer to the people, and by facilitating the implementation of the Government's decentralization policy to support the activities of local administrative units.

From 16<sup>th</sup> April to 16<sup>th</sup> May 2012, RPPA organized training for all Procurement officers at the Institute of Applied Sciences (INES) in Musanze District, on Procurement Publication System (PPS), where trainees were requested to start working with the aforementioned system as soon as possible as provided for by article 13 of law n° 12/2007 of 29/03/2007 on public procurement.

With this regard, I would like to ask you to remind your procurement officers trained in PPS to start using PPS by recording and keeping progressively the procurement related information in PPS. I take this opportunity to thank all procuring entities which have begun publishing their tenders on PPS.

I look forward to your mutual collaboration.

Yours sincerely

**SEMINEGA Augustus**  
**Director General of Rwanda Public Procurement Authority (RPPA)**
